HARMONY IS THE WORD IN BISBEE

OPERA HOUSE PACKED WITH DEMOCRATS WHO NOMINATE CANDIDATES.

PRIMARIES SATURDAY

One Hundred and Seven Candidates Placed in Nomination From Which Forty-One Are to Be Elected to Represent Bisbee Precinct.

With harmony sticking out in several places, and with peace and quietude reigning supreme, the Bisbee Democrats assembled at the Opera House last evening, pursuant to call by the Central Committee for the purpose of placing in nomination candidates to be voted for at the Democratic primaries to be held in this city on Saturday afternoon next between the hours of 1 p. m. and 7 p. m.

The outpouring of Democrats last evening is an evidence that none of the old time interest and enthusiasm has been allowed to wane and that Democrats of this precinct are aggressive and ready for the political campaign shortly to be launched in this precinct.

Although the second floor of the opera house was crowded to the doors there was little confusion, and the meeting was conducted in an orderly and business like manner.

As a spectator remarked: "In comparison to the mass meeting held at Douglas on Wednesday night, this is a Sunday school picnic."

Nearly every Democrat present had some particular friend he desired to place in nomination. As a result a goodly number of Democrats of this precinct will awake this morning to discover that they have been honored by their party with a nomination for delegate to the county convention. In all 167 candidates were nominated, and from this number forty-one are to be elected.

Several times during the course of the meeting an attempt was made to close the nominations, but the motion was met with cries of "no! no!" from the crowd, and the list of nominations grew apace.

If there was any faction bent on accomplishing any certain purpose at the meeting it was not apparent. No candidates' names were mentioned, and no effort was made by the meeting to pass any resolutions that would tend to hamper the movements of the delegates after they were elected.

From expressions heard in the hall a Review reporter gathered the impression that no matter which particular forty-one delegates are elected at the primaries on Saturday, this precinct will cast its vote for Stewart Hunt for Sheriff.

The meeting was called to order by Committee Chairman Cunningham and on motion of J. S. Taylor Mr. Cunningham was unanimously chosen as chairman of the meeting. John McGowan was quickly elected as secretary, and A. F. Stumpf assistant secretary, and the first announcement by the chairman was to the effect that nominations were in order for candidates.

The nominations came thick and fast and before the motion was carried declaring nominations closed, one hundred and seven candidates were placed in the race.

SILENCE SHROUDS WAR

St. Petersburg Believes That a Great Battle Will Be Forced if the Japanese Continue Pursuit Toward Mukden--Kuropatkin Claims His Retreat Made Without Loss of Guns

JAPANESE DETACHMENT OF 700 BLOWN TO ATOMS

What is happening at the seat of war is known only to those on the ground. There is no immediate news either through the medium of press dispatches or from official sources. Kuropatkin reports in a telegram sent Wednesday evening that he did not lose a single gun in his retreat, and that Kuroki is on his right flank and Oku is on his left, and St. Petersburg officials surmise that a big battle may be fought if the Japanese continue to press on to Mukden. The story of bad roads and hampered transports is revealed. In the last dispatch from Mukden comes a significant intimation that "there is an interesting movement toward Tieling," the nature of which is not disclosed.

JAPANESE BLOWN TO ATOMS.

Mine Beneath Road Exploded With Frightful Results.

Chee Foo, Sept. 9.—A Japanese column numbering approximately 700 men, while marching along at night on a road in the valley between Long Hill and Diversion Hill, met a frightful disaster through the explosion of an electric land mine, September 1. The mine was carefully laid by the Russians three weeks ago. It covered nearly a mile of the available marching space. The explosives were placed at the bottom, and rocks and clay covered it over so neatly that the ground gave no impression of having been disturbed.

Indications of Japanese activity in this vicinity put the Russians on guard. Near midnight the outposts rushed in and reported that the Japanese were approaching. The Russians held their fire for some time. Suddenly they threw the searchlights upon the valley. The Japanese opened with rifle fire. The Russians continued to wait until apparently the whole Japanese column was in the danger zone. Then the mine was exploded. The sight of Japanese rifles, water bottles, legs and arms hurling through the lighted space made by the searchlight was an awful spectacle. The following day the Russians buried the dead, but owing to their dismantled and mutilated condition they could not accurately estimate the number of killed. On the night of August 26 and 27 a similar disaster befell the Japanese near Redoubt No. 2. It is reported, but no details have been ascertained.

PEACE CONGRESS MEMORIAL.

One Will Probably Be Drawn in Hope of Bringing Russia and Japan to Arbitration.

New York, Sept. 8.—Gustave Francoette, a Belgian diplomat, who arrived yesterday on the Kaiser Wilhelm II. and comes as a special envoy from King Leopold of Belgium, will confer with President Roosevelt about the Japanese-Russian war. The King of the Belgians is anxious to have the great powers of the world intervene and bring about peace.

"King Leopold is of the opinion," said Mr. Francoette, "that President Roosevelt is in position to accomplish as much in behalf of peace between Russia and Japan as any other magistrate. I have been delegated by my king to see President Roosevelt, and while I am hopeful, I of course do not know

P. J. McCullough,
The polls will be kept open on Saturday between the hours of 1 p. m. and 7 p. m. The polling places will be at Boyles' Boarding Place at Lowell and the Fire House on Main street. The officers of the election at Lowell are Joe Curley and Wm. Robinson, judges; N. D. Donovan, clerk. The officers of the election at the Fire House are Maj. Burton and S. J. Ford, judges; Jack Munch, secretary.

General Kuroki Leading Pursuit of Kuropatkin Toward Mukden

what the outcome of our conference will be.

"King Leopold is deeply interested in the subject of universal peace, and the settlement of all delicate questions between nations by arbitration.

"His Majesty's interest has been accentuated by Mr. Andrew Carnegie's offer to build a great peace temple. Even if President Roosevelt does not think the time opportune for friendly intervention he may have valuable suggestions to make along the lines of international harmony, such as a peace congress of all the nations every few years. It is the opinion of European diplomats that the time for ending the Japanese-Russian war has arrived."

Mr. Francoette is a delegate to the International Peace Congress, which will meet in Washington today, and said he was most anxious to learn President Roosevelt's views as to what should be done at that gathering.

He said that in all probability the congress will authorize a memorial, addressed to both Japan and Russia, suggesting a basis on which they might reach an honorable peace.

UNITED STATES AND JAPAN.

American Shipper Arrived From Yokohama Says Will Have Trouble Over Philippines.

Philadelphia, Sept. 8.—Captain D. H. Rivers has reached here from Yokohama with the clipper ship A. S. Ropes. He brings 61,000 bags of raw sugar, sailing from New York.

He reached the harbor of Yokohama on February 18 last, took sail in the wake of two steamers. The pilot minded his own business and couldn't talk English, so the American skipper did not expect there was any outbreak of hostilities

between Japan and Russia—at least not until a shot from one of the forts whistled across his bow. Then came four shots, and Capt. Rivers then hove too. A Japanese dispatch boat came out from under cover of a fort and piloted the clipper clear of the mines which had been laid in the harbor.

Two Russians were in the crew of the clipper. The doggedness of the Jap pilot in going into the harbor without waiting for the dispatch boat afterwards convinced the Americans on the Ropes that the Jap had intended to sail over a mine and blow the two Russians to kingdom come.

Captain Rivers said it was the general opinion in the shipping ports in the Far East that trouble between Japan and the United States over the Philippines will soon naturally follow in case the Japs whip the Russians.

CONFESSES TERRIBLE CRIMES

DEPORTED COLORADO MINER ADMITS PART IN INDEPENDENCE DEPOT PLATFORM DYNAMITING.

HE NAMES ASSOCIATES

Tells Full Story of Fiendish Plots Which Sent Many Souls Into Eternity—Describes Concealment and Operation of Infernal Machine—Discloses Names of Victor Mine Horror Perpetrators and Its Details.

Topeka, Sept. 8.—Robert Romain, a deported Colorado miner, under arrest here for burglary, confessed today that he helped in the Vindicator Mine dynamiting in Colorado last fall, and in blowing up the depot platform in Independence Col., last June.

Romain said that he was one of the strikers at Victor, and that he helped to arrange the dynamite which caused the death of so many of the non-union miners. He gave the names of the men who were in with him, and told in detail how the work was done. County Attorney Hungate and Sheriff Lucas tonight admitted that Romain's confession, and admitted that he had something to say about the strike in Colorado, but they would not tell his words, because they feared that his confession, if printed, would lead to escape of many of the other men who were implicated. Romain said that dynamite was laid under the platform at Independence. He told how the dynamite was connected with a concealed wire to the chair in a room about 500 yards away. It was agreed that the chair was to be moved backward, as this would pull the wire and explode the dynamite. A pistol was attached to one end of the wire, and the pistol was directly under the big charge of dynamite. Romain was waiting in the room with others when the train pulled up to the station, and saw two of his friends among the number. He wanted to get them away, and started to tell them to leave the platform, when one of the men with him struck him in the head with a revolver. The dynamite charge was exploded a few minutes afterwards and the friends of Romain were killed or injured.

In his description of the laying of the dynamite at the Vindicator mine he went into details about the different shifts, and told all about how the wires were laid.

Romain pleaded guilty to the charge of burglary today, but was not sentenced. The Colorado authorities were communitated with, and Romain will probably be taken there.

Printy Able to Be Up in Room

MAY BE ABLE TO GET ONTO DOUGLAS STREETS TODAY.

Physicians Do Not Know Whether He Will Be Able to Return Home Tonight—Both Johnson and Printy Re-affirm Original Stories.

Word was received from Douglas last night that Ed Printy was able to be up and about his room. He has not yet recovered sufficiently to go on the streets, but will probably appear thereon today and go before Judge Johnson to answer the charge of assault with intent to kill that has been lodged against him there.

Seen by a reporter yesterday afternoon at Douglas, Printy declared that he would fight the charge in court to a finish. He reiterated his declaration that Johnson was the aggressor all the way through the encounter of Tuesday night, and said he would stand by the statement to a finish. His physicians would not say whether he would or would not be able to return to Douglas this evening. Though Printy has made excellent recovery from his injuries so far, there is still a chance that developments may occur which will put him in serious condition. It is not at all certain that the blows he received on the head may not have caused injuries that several days will be required to develop.

Deputy Sheriff Johnson, who wielded the gun that put Printy out of commission, was about this city yesterday as usual. He reaffirmed that the story of assault upon him by Printy was correct, and like the latter, will fight the matter to a finish in the courts on that ground. In this respect the second case created for the courts by the two men is identical, as to the salient feature, with the first, in that both assert that the other fellow started the trouble.

BUTCHERS QUIT STRIKE

Donnelly Calls It All Off--Packers Give No Concessions. 53,000 Men Ready to Return to Work After Losing \$5,000,000 and Packers \$7,500,000

Chicago, Sept. 8.—The strike of the butcher workmen which has demoralized the meat packing industry throughout the country for the last two months was officially declared off tonight by President Michael J. Donnelly of the Amalgamated Meat Cutters and Butcher Workmen of America. This morning Mr. Donnelly telegraphed the members of the National Executive committee asking their consent to the announcement of the end

of the struggle, and tonight he having received favorable answers from all, declared the strike would end at midnight. The strike of the members of the affiliated unions at the stock yards, who quit work in sympathy with the butchers, will officially be called off this morning at a meeting of the board of the allied trades.

During the strike approximately 53,000 persons have been involved in the

struggle, which is estimated to have cost the men about \$5,000,000 in wages, as against an estimated loss of \$7,500,000 to the packers in loss of business and in increased expenses. The greatest number of men idle in Chicago during the strike was 26,600, and the total in the country outside of this city is estimated to be about the same. The men now return to work under conditions that existed before the strike.

ANOTHER PASSENGER WRECK.

Charlotte, N. C., Sept. 8.—Passenger train No. 41 on Beaboard Air Line is reported as going through a trestle at Catawba River, S. C., early this morning. Six coaches went down. There are no particulars as yet. An extra train with doctors went out to the scene of the wreck from Monroe.

PLATFORM DECLARES AGAINST CHURCH INTERFERENCE IN POLITICS.

Salt Lake, Sept. 8.—The Democratic State convention today nominated James H. Moyle, of Salt Lake City, for governor, Judge O. W. Powers, of Salt Lake City, for Congressman, and adopted a platform which, besides en-

dorsing the national platform and approving the nomination of Judge Parker and Senator Davis, reflects the recent renewal of the charge of church interference in Utah politics and the reorganization of the anti-church party by denying the right of any power to dictate political nominations. The convention was very harmonious.
